

## Water

### When you want to start and stop using water

In order to start or stop using water from the water supply, contact the Water and Sewerage Services Bureau's Telephone Service Center. If you have any water-related troubles (the water supply stops or you find water leaking from the pipes), contact the Water and Sewerage Services Bureau's Telephone Service Center.

Nishinomiya City Water and Sewerage Services Bureau (Nishinomiya-shi Jo Gesuido Kyoku) Telephone Service Center

To start / stop using the water services, water leaks / irregular water flow, etc.

### How to pay a water bill

The amount on the bill sent should be paid before the stated due date at a bank, post office, convenience store or by mobile payment.

It is possible to have the bill automatically deducted from your account at a bank or Japan Post Bank if you have one. If possible try to pay your water bill by transfer from your account.

Note For details, ask a person who understands Japanese to enquire for you.
