

Support for schooling / Scholarships

Schooling support

There is a support system for children attending elementary and junior high schools or compulsory education school who have difficulty paying for study materials and other required items for school.

If you have difficulty paying for study materials, items required to attend school, outside-school activity expenses, school trip expenses and school meals, you should consult the school or the board of education.

This system applies to the guardians of children attending Nishinomiya Municipal Elementary and Junior High Schools, Compulsory Education School or Hyogo Prefectural Ashiya International Secondary School's Former (1st-3rd year) Course. Applications are to be made at each school.

Also, there is another support system for children attending schools for foreigners (schools which are recognized as schools for foreigners by Hyogo Prefecture and Osaka Prefecture). Please consult the Board of Education.
